

Holiday Let Hot Tub

The perfect addition to maximise the potential of your holiday home

Would you like to:

Enjoy more bookings?

Increase your holiday let income?

Welcome even happier guests?

It's undeniable that adding extra services that offer a touch of luxury will attract more guests to your property. It has been found that installing a hot tub can boost average occupancy rates by 20%. Your Guests want a hot tub!

Did you know that "Hot Tub" is the number one criteria by which properties are filtered for on holiday booking websites? Some sites report an average of 57% of their customers are looking to book a holiday property that offers a hot tub.

Your guests want a hot tub!

Higher occupancy rates obviously result in more income, and offering the fabulous luxury of a hot tub also gives you the opportunity to increase your booking charges.

Owners typically increase their booking charges by between 10-20% after installing a hot tub and still find occupancy rates sky-rocketing!

Would you like to:

Increase occupancy rates by up to 20%?

Increase your rental charge by 10-20%?

Raise your property profile on searches?

Creating the perfect environment for your guests. leaving them with an experience that has made them so happy they will want to keep coming back time and again is what your business is all about.

A lovely, invigorating hot tub experience will make your guests time at your property extra memorable and will be reflected in some wonderful reviews.

Your guests want a hot tub!

A new hot tub is an investment opportunity that you do not want to miss out on. Our aim at Castle Hot Tubs is to help you take advantage of this opportunity, making the process as simple as possible - delivering the dream for you and your guests.
